

The Whole Ensenada Porto Hussong

Meridian Development Group, LLC (MDG) is developing a world-class, 16-acre oceanfront resort near Ensenada, Mexico, rich with amenities and just an hour's drive from the Tijuana border. Porto Hussong will feature oceanfront condominiums, a five-star boutique hotel, private villas, a luxury fractional residence club, upscale shops, cafes and restaurants and a state-of-the-art marina to accommodate yachts up to 200' in length. This resort and residential enclave is unique to the region, designed for vacation getaways or retirement living. Spanish architecture, high ceilings, ocean vistas, airy patios, lush gardens, waterfalls, quiet alcoves, winding paths and an oceanfront promenade combine with outdoor cafes, shops, swimming pools, spas, tennis courts and other recreational opportunities for relaxation or active reinvigoration.

"Porto Hussong will be a luxury destination that serves as a stepping stone to the Baja experience," says MDG CEO Chris Merson.
